

PRESS RELEASE

FOR IMMEDIATE RELEASE

Yaskawa – Solectria Solar to Showcase Industry Leading PVI 50TL and PVI 60TL Inverters at Solar Power International

Lawrence, MA – September 12, 2016 – [Yaskawa - Solectria Solar](#), the leading U.S. commercial PV inverter manufacturer, will exhibit at [Solar Power International](#), September 13-15, 2016 in Las Vegas, Nevada in Booth #1717 and will showcase its [PVI 50TL and PVI 60TL](#) inverters that were introduced earlier this year. These inverters were added to Yaskawa – Solectria Solar’s three-phase, 1000 VDC, transformerless string inverter line. The [PVI 50TL and PVI 60TL](#) inverters are best-in-class and feature packed as proven by their design flexibility, compliance with NEC 2014, wide MPPT voltage range, 1.5 DC/AC ratio, -30°C to +60°C operating temperature range and remote diagnostics/firmware upgrades.

Yaskawa – Solectria Solar has always been at the forefront of the U.S. PV market. According to [GTM Research’s](#) U.S. PV Leaderboard Q1 2016 data, Yaskawa – Solectria Solar is the #1 commercial inverter supplier to the U.S. Market, claiming 42% in Q4 2015 and 30.5% overall in 2015. The new [PVI 50TL and PVI 60TL](#) inverters add to the current fleet of transformerless [PVI 14-36TL](#) commercial inverters - each designed for maximum return on investment (ROI).

“Yaskawa – Solectria Solar continues to broaden its product portfolio of quality products with proven reliability backed by personalized service. Our new [PVI 50TL and PVI 60TL inverters](#) have been field tested and have the design flexibility our customers have come to expect with an integrated, detachable wiring box with MC4 connector option, 0-90° mounting configuration and NEC 2014 compliance with integrated arc fault and rapid shutdown,” said Phil Vyhanek, President of [Yaskawa – Solectria Solar](#).

About Yaskawa - Solectria Solar

[Yaskawa – Solectria Solar](#), a wholly-owned subsidiary of [Yaskawa America, Inc.](#), is the #1 commercial inverter manufacturer/supplier in the U.S. Solectria’s products include 3.8 to 750 kW inverters, string combiners and web-based monitoring for all size solar systems. Solectria is backed by over 100 years of power electronics and inverter experience. All of Solectria’s three-phase central inverters are made in the USA. PV System owners, developers and EPCs rely on the high performance, reliability and bankability of Yaskawa – Solectria Solar. To learn more, please go to [www.solectria.com](#).
