

MEMBER BENEFITS

A Global Alliance of Leaders

Companies and individuals who want to drive standards in the Distributed Energy industry should join the SunSpec Alliance. Our objective is to accelerate the growth of the renewable energy economy by enabling SunSpec Alliance members to leverage the benefits of automation, interoperability, economies of scale, and full participation in the Smart Grid.

By joining the SunSpec Alliance, your company will save time and resources developing products and achieving regulatory compliance, while positioning your technology in an ecosystem of market-trusted DER and V2G solutions.
